

Highlights from SCHWEISSEN & SCHNEIDEN 2025

The World's No.1 Welding and Cutting Fair, 15-19 September 2025, Essen, Germany

Gold Winner - SORPAS®

SORPAS® won Gold IF Digital Award 2025!

We are truly honored to have won the **Gold Trophy** of the IF Digital Award 2025! Standing shoulder to shoulder with leading companies like Fronius Welding and novoflow GmbH is a humbling experience. We are inspired and encouraged to keep pushing the boundaries.

Dr. Wenqi Zhang, CEO of SWANTEC, shared our vision for transforming spot welding with simulation, optimization, and digital twins at the Future Hub during the fair. A full-house audience brought incredible energy and insightful questions — fueling our passion to shape the future of welding through digitalization towards AI. We are proud to play an active role in driving this transformation.

We are deeply grateful to the many visitors from around the world. This year, we welcomed a record number of people to our booth. It was a pleasure to see long-time customers and partners, some of whom have supported us for over 20 years, as well as to meet many new potential collaborators and friends. Your interest and support mean everything to us and continue to drive us forward.
